Communications Team Report

September 18, 2014
Attendees: Diane Benson, Clay Veka, Erin Brasell, Susan Goracke, Jeanne Duncan

The team welcomed a new member, Jeanne Duncan, who lives across the street from Susan, participates in the Sabin Bee Friendly Garden project, and is a professional copy writer and editor. We are so happy to have her on the team!

Our new SCAN editor, Erin Brasell, said that her first month as editor went fine, thanks to everyone helping out with determining content and writing articles. Originally, we had planned to meet monthly to help Erin determine the content for the next SCAN, but Erin indicated that it had worked out well doing that by email, so we decided to go back to our every-6-weeks meeting schedule. We'll meet again in early November.

The team discussed the frequency of publication, specifically whether we should publish every 2 or 3 months instead of every month. We also talked about staying with 9 issues, but taking a break in March or April, instead of July or August. That way, there would still be 3 months where we don't publish, but they would be more evenly dispersed throughout the year. The team asked Erin to think about it and let us know if she'd like to change the publishing schedule.

We discussed topics for the October and November issues and assigned articles to various team members.

Erin reported that she had not received the ad from Suzanne Kinavey yet, and said she would follow up. If we don't receive the ad on time, we'll fill the spot with a small news item. We've billed Suzanne for 4 months of advertising but haven't received payment yet.

Diane reported that the 2014/2015 Communications Plan was approved by the board. She will get Clay and Adrianne's signatures on the document and submit it to NECN, then we will be able to submit receipts to NECN for reimbursement, up to $1000.

Lauren Gross is now set up to post to the Sabin Facebook page, and has posted twice. The team is pleased to have her help in gleaning interesting news and sharing it with the neighborhood. This will be especially helpful when Diane is traveling.

The team discussed which businesses to profile in SCAN, and reviewed the ones listed on the Sabin Business Directory. Several on the list are moving or have gone out of business. Diane will ask Michelle to remove them from the list.

We're increasing our online presence - we now have 258 “likes” on Facebook and 185 members on Nextdoor.

We often meet on Wednesdays, but we decided to switch to Monday, Tuesday or Thursday because Erin and Jeanne have other commitments on Wednesdays. Diane will send out a Doodle poll to schedule the next meeting.
Land Use and Transportation Committee Report

October 2014

We will be commenting in favor of an ADU proposal at 4604 NE 21st.

There will be an ABC’s of Land Use workshop on October 18, 9 AM to 1 PM, at NECN. Preregistration is required.

We are drafting a letter on the Comp Plan for the SCA board. There are three more Comp Plan hearings: October 14, October 28, and November 4.

There is a group called United Neighborhoods for Reform that is organizing to advocate to City Council and its advisory committees about the changing City Code to respond to the demolition concerns. At present, they are focusing their efforts on a petition to the advisory committee that is developing recommendations for BDS. The LUTC thinks that the petition makes a number of good points. It can be signed online at: http://tinyurl.com/oggcctd.

The NECN LUTC is considering recommending to City Council that single-family zoning be changed to allow “flats”—having what appears from the outside to be a single-family home to be broken up into apartments inside. We will express to the NECN LUTC that we don’t want this option to encourage even more demolitions, and thus we would favor allowing it only for conversions of existing dwellings, not in new construction following demolitions. We also believe it would require a minimum size of building to begin with.

Sabin Orchard Report

October 2014

I have asked Cara Farr if she would be willing to consider being the Orchard Steward. She hasn’t decided yet.

The new Portland Fruit Tree Project community orchard coordinator is Gareth Stacke. Like the previous community orchard coordinators, he is an Americorps volunteer and will likely only be in the position for one year.
